This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

CAPE OF GOOD HOPE.

REPORT ON RETURNS IN STATISTICAL REGISTER, 1902.

DEFENCE, 1903 (PP. 23-24).

NAVAL FORCES.—There were in 1903 on the Cape of Good Hope Station 13 men-of-war, mounting in all 93 guns, and showing a combined tonnage of 39,010.

MILITARY FORCES.—Belonging to the General and Departmental Staff there were 31 officers and 1 man stationed in the Colony (1st June, 1903), to the Scots Greys and 16th Lancers 1,387 officers and men, to the Mounted Infantry 628, the Imperial Yeomanry 6, the Royal Artillery 800 officers and men (465 Field and 335 Garrison), to the Royal Engineers 493; to the Infantry 3,429; to the Royal Army Medical Corps 438, to the Service Corps 216, Ordnance Department 224, Pay Department 83, and Veterinary Department 4; in all 316 officers and 7,422 men.

C.M. RIFLEMEN.—This regiment had on 31st March, 1903, a strength of 41 officers, 84 non-commissioned officers, and 787 privates, besides 49 native troopers—together with in all 850 horses and 230 mules.

VOLUNTEERS.—Classified by services, the Volunteer force was distributed as follows in 1903, viz.:—*Artillery*—Field, 2 of 197 members; Garrison 1 of 395; *Riflemen*—Mounted, 2 of 422; Foot, 10 of 2,659; *Medical Staff Corps*—1 of 161; *Cadets*—33 of 3,001. In all, 49 corps with 293 officers, 528 sergeants, 146 buglers, 378 corporals, and 5,490 privates.

Cape Police.—This body of men (2,900 Europeans and 346 natives) is available for the defence of the Colony, being fully armed.

AREA, POPULATION AND ELECTORS (PP. 25-34).

The estimated population in December, 1902, of the Colony, *i.e., including* Griqualand W. and the Native Territories (and Pondoland), was 2,501,635 persons, 1,235,842 male and 1,265,793 female.

Census Tables.—The population in 1891 of the Colony, as bounded in 1875, was 336,938 European and 619,547 Other; against 236,783 and 484,201 respectively in 1875, showing a numerical increase since the previous Census of 100,155 and 135,346 respectively, or 2·64 per cent. and 1·75 per cent. p.a. The number of inhabitants in the section termed Griqualand West was 12,374 Europeans and 32,903 Other, according to the 1877 Census: it was in April, 1891, 29,670 and 53,705 respectively. In 1879 there were 2,568 Europeans in the Transkeian Territories and 260,417 Other; in 1891 these numbers had increased respectively to 10,379 (25·35 per cent. per annum and 476,985 (6·93 per cent. per annum). The *Area* of the Colony with its annexed territories, including Pondoland with 231,800 persons and British Bechuanaland with a total population of 64,736 (partly estimated), is *now* set down as 276,995 square miles. *Passengers.*—From returns compiled by the Customs Department, it seems that the number of adult passengers (including children calculated to ordinary scale as adults) who arrived *by sea* from ports beyond the Colony was 49,060, against 30,852 in 1901, while 22,151 left these shores. A large proportion came from and went to Natal. *Naturalization.*—1,045 aliens (870 of whom were born in Russia, 76 in Germany) were granted letters of naturalization in 1902 against 336 in the previous year. *Electors.*—The Legislative Council *General* Election for 1898 was carried out on an electoral roll of 109,888 voters—an *increase* of 18,013 on the number on the lists in 1894. In the electoral province of Griqualand West (8,539 voters) there was no contest. For the remaining 8 provinces 168,754 votes were actually recorded out of an assumed total of 297,729 available. The Assembly *General* Election of 1898 was also conducted on the same roll. In 5 divisions there were no pollings, in the remaining divisions 137,781 votes were actually given out of a calculated available total of 242,676. The provisions of the Ballot Act precluded the publication of any detailed statistics on this subject. On page 487 of Census volume will be noticed full particulars from which the following extracts have been taken, viz.:—

Proportion per cent. of Voters to total Population (1891)	5·94	Average No. of Persons to a Voter (1891)	16·84
,, ,, ,, Male ,, ..	11·82	,, Males ,, ..	8·46

The present conditions of the *Franchise* under Act 9 of 1892 may be briefly described as follows:—(1) Every male person fully 21 years of age, who occupied for 12 months preceding registration, house or other building worth £75, or (2) Every male person, fully 21 years of age, who for 12 months preceding registration, had been in receipt of salary or wages of £50 p.a., provided such male person can sign his name and write his address and occupation, shall be capable of being registered as a Parliamentary Voter; but the provisions of Act 9 of 1892 are *not* applicable to any person who on the 16th August, 1892 was registered as a Voter in any fiscal division as long as he continues to reside in division where he was registered, and registered holders, for six months preceding day for registration of Voters, of licences to dig or search for diamonds in divisions of Kimberley, Barkly West, Herbert and Hay shall be entitled to be registered as Parliamentary Voters.

The Number of Electors stood at 119,748 on the old roll; the new being as yet (July, 1903) incomplete.

VITAL AND METEOROLOGICAL (PP. 37-52).

Marriages.—The number of marriages solemnized in 1902 was 12,158 compared with 9,547 in 1901, 8,741 in 1900, 8,535 in 1899, 8,718 in 1898. A regular increase up to 1899 (when the war caused a falling-off) is noticeable. Friday was again regarded as *the* unpropitious day for the solemnization of the marriage ceremony, as out of 12,158 marriages 367 (compared with 236 out of 8,535 in 1899) of the whole took place on that day. Tuesdays were most frequently selected, 37·9 per cent. occurring then (39·0 in 1900 and 38·5 in 1901); Mondays coming next with a percentage of 27·3 (31·58 in 1900, and 27·6 in 1901), and while 2,107 happened on Wednesdays, 850 on Thursdays, 446 on Saturdays, and 455 on Sundays. Three days are credited with *one* marriage each. The highest number, namely, 117, on the contrary is recorded against the 29th April, with 116 on the 22nd July. The largest number in a full week was 258 in the seven days ended the 27th December, and the lowest 156 in January. In 10,338 cases banns were called by Ministers of Religion or by Resident Magistrates, the remaining instances (1,820) being by licence. The number of marriages before Protestant Clergymen was 10,466, before Roman Catholic 266, and before Jewish 73, while 1,351 (or 11·1 per cent.) compared with 1,012 (or 10·6 per cent.) in 1901, 8 per cent. in 1900, 7·02 per cent. in 1899, 6·4 per cent. in 1898, 5·8 per cent. in 1897 and 5·3 per cent. in 1895 and 4·4 in 1896) were dealt with by Magistrates, under the provisions of Act No. 16 of 1860. The majority of the parties wedded belonged to the Dutch Reformed Church, the number of marriages being 2 778, the Church of England follows next with 2,301 cases, which was 49 in advance of the Wesleyan Church, while London Missionary Society and Independents combined show 1,283 marriages. In point of *Education* 35·33 per cent. of the wives and 36·09 of the husbands could not write their names. It appears that in 873 cases widowers married spinsters in 403 bachelors married widows, and in 353 widowers married widows. There were 51 cases relating to divorced wives or husbands.

HOSPITALS AND ASYLUMS. *Diseases and Deaths*—The abstract by Classes and Orders indicates generally the relief afforded by each main Hospital, Infirmary or Asylum, of which, reckoned separately, there are 27 giving particulars. In 1888 no less than 99·08 inches were recorded at the gauge fixed at 3,050 ft., near the summit of Table Mountain, and 105·22 inches in 1902.

BIRTHS, 1901.—The registration of births which happened in 1901, the seventh year wherein a general compulsory system was in operation still continues, and the total number of events recorded to the 15th April, 1903, is (*a*) 53,356, made up as follows, viz. :—European or White 7,882 males and 7,432 females; Malay 321 males and 365 females; Fingo, Kafir and Bechuana 11,171 males and 10,916 females; Mixed and other 7,808 males and 7,461 females. The figures for the Old Colony, *i.e.*, *excluding* Bechuanaland and the Native Territories were total 41,119, comprising 7,557 male and 7,137 female *Europeans*, and 13,443 males and 12,982 females, "*All Others*." Of the full number of births 22,312 may be classed as *Urban* and 31,044 *Rural* The corresponding figures for the Old Colony are 21,781 and 19,338. Attending simply to the results derived for the Old Colony it is found that European or White births numbered 4,399 male and 4,178 female urban, and 3,157 male and 2,959 female rural; similarly for "Other than Europeans or Whites," the figures stand as follows viz., 6,692 males, 6,512 females; 6,752 males 6,470 females. Taking the population, 1899, of the Old Colony at 1,239,154 persons (*i.e.*, 18 per cent. advance on the census figures) it was found that the total birth-rate *then* computed to 32·69 per thousand. The European birth-rate would have been 32·99. The 1899 rate for Queensland, was 27·31, New South Wales, 27·10 Victoria 26·71, and for New Zealand, 25·12.

(*a*) Excluding 4 cases *at sea*, and 364 amongst Refugees.

DEATHS, 1901.—The total number registered to 15th April, 1903, amounts to (*b*) 40,921 (excluding War events), comprising the following items, viz. :—European or White 3,953 males and 3,121 females; Malay 293 males and 278 females; Fingo, Kafir and Bechuana 11,909 males and 9,996 females; Mixed and Other 5,714 and 5,657. In the Old Colony *i.e.*, *exclusive* of Bechuanaland and the Transkei, there were 31,160 deaths, 3,786 being of European males, 3,008 of European females, 12,986 of "All Other" males and 11,380 females. Excluding *at sea* cases there were 20,524 deaths in rural and 20,397 in urban areas, but in the Old Colony the division is strikingly uneven, 11,402 being rural and 19,758 urban principally owing to the effects of the hostilities and application of Martial Law, preventing country reporting. Dealing only with the Old Colony we find that as regards Europeans or Whites the urban deaths numbered 2,777 for males and 2,072 for females, and the rural 1,009 and 936 respectively, the corresponding figures for "Other than Europeans" are 8,206, 6,703, 4,780, 4,677. Assuming as in the case of births the Old Colony population for 1899 to be 1,239,154, the total death-rate worked out to 22·52 per 1,000, the European rate would be 14·81. For Victoria the 1899 rate was 14·28, Queensland, 12·07, New South Wales, 11·82, and New Zealand, 10·24.

(*b*) Excluding 112 cases at sea, 1,226 war cases, and 2,769 cases amongst Refugees.

Births and Deaths. Eight years.—As events of earlier years are reported, the previously printed figures for those years are completed by the addition of the newly registered occurrences. The accompanying abstract, therefore, is as full as it can be made to the 15th April, 1903, when the last posting was made. (War and Concentration Camp cases in 1900, 1901 and 1902 *not* included.)

WAGES AND RENT (PP. 245).—PRICES (PP. 246-254).

WAGES.—A brief statement of wages and *rent* of a labourer's cottage or hut and of a town lodging for a mechanic's family in certain other localities is given on page 245, a summary for the Colony on pages 250-1. *Prices* of provisions, clothing, bedding, live-stock, animal productions and agricultural produce are specified for certain chief centres, with summaries for five years. In November, 1902, the average daily rates of wages paid to tradesmen were as follows in the undermentioned Cities, viz., Cape Town, East London, Port Elizabeth:—*Compositors*, 10s., 12s., 11s.; *Carpenters and Joiners*, 12s., 18s., 15s.; *Masons and Bricklayers*, 12s., 15s., 14s.; *Painters*, 10s., 12s., 14s.; *Saddlers*, Cape Town, 15s., P.E., 16s.; *Tinsmiths*, 12s.,14s.; *Blacksmiths and Wagonmakers*, 12s., 11s. 16s.; *Tailors and Shoemakers*, 10s., 12s 6d., 12s.6d.,; *Tanners*, Cape Town, 13s., P.E., 10s. The *rent* of a town lodging (suitable for a mechanic's family) was 90s., 120s., 90s., respectively per mensem. At the same date the average prices of provisions gave the following results for the old Colony, viz.:—Flour, 3d. per lb. bread, 3½d, mutton and beef, 9¾d. and 9½d., pork, 10d., fresh butter 1s. 10d, cheese, 1s 5d., tea, 2s. 2d., coffee (raw), 7d., sugar, 3½d, rice, 3½d., wine, 7s. 5d. per gallon, beer (English) 1s. 9d. per bottle, milk, 4d. per bottle, candles 8¾d. per lb., and paraffin 2s. 7d. per gallon. An outfit (suit of clothes, boots, hat and shirt) for a labouring man would cost about 41s., calico is 5½d. per yard, flannel, 1s 6d., and print, 6½d., flannel shirts cost 7s. 6d each, and socks, 1s. 2d. a pair, and blankets, 17s Livestock sell at advances on the previous high rates. Prices per head stood thus in November, 1902:—Horses, £30, mules £25½, asses, £11¼, oxen, £15¾, sheep, 24s 9 There is a decrease in the prices of most species of Agricultural Produce. Wheat was selling at 7s. 10d per bushel, barley, 5s. 8d., rye, 7s. 8d., oats, 6s. 10d., mealies, 7s 8d, potatoes, 7s 10d, while wine fetched £14½ per 128 gallons, and brandy £34 6s., a fall of £9 on 1901 figures. The Gaol Contract prices are slightly advanced, beef now being 7¼d., mutton, 7½d., brown bread, 4d., and rice, 3d. per lb. *Market Rates.*—Abstracts are obtained annually from the market-masters of several chief towns, and from them are derived statements showing the variations in the maximum prices of articles sold on the market. In the years 1900-1902 the highest rate realized for 100 lbs. of wheat at Queenstown was 14s. 9d., while at Grahamstown 12s. 6d. was paid, and at King William's Town 11s 6d. For a bag, weighing 150 lbs., of potatoes as much as 34s. was given at Queenstown, 20s. at Port Elizabeth for 100 lbs., and 25s. at King William's Town. In Grahamstown *Butter* has been sold for 16d. per lb. and at other times for 4s., and *Eggs* at Queenstown for 1s. 3d. per dozen and at other dates for 3s. *Fowls* have varied in Grahamstown from 2s. to 8s. 4d each, and *Ducks* from 2s. 4d. to 8s. 6d., and *Eggs* from 1s. 6d. to 2s. 3d. per dozen at Cape Town. *Retail Prices* (1898 and 1902).—Special enquiry having been instituted during 1902 into the question of Cape Town retail prices for groceries in constant use, it will be advantageous to record here the results arrived at, as the articles are of the same standard throughout. The figures for 1898 and 1902 for the various articles are as follows:—*Arrowroot*, per lb., 9d in 1898 and 9d. in 1902; *Bacon*, White's, per lb., 14d. and 16d.; *Beef*, Libby's, per 2lb. tin, 16d. and 16d.; *Biscuits*, Osborne, per lb., 1s. and 1s.; *Blacking*, D & M, per jar, 4½d. and 6d.; *Butter*, Australian, per lb., 1s. 8d. and 1s. 9d.; *Candles*, 16oz. packet, 9d. and 9d.; *Cheese*, S M., per lb, 1s. 3d and 1s. 4d.; *Chicory* (German), per lb., 6d. and 6d.; *Cocoa*, Cadbury's, ¼lb tin, 1s. and 1s.; *Coffee*, pure ground Rio, per lb., 1s. 2d. and 10d.; *Condensed Milk*, English, per tin, 6d. and 8d.; *Golden Syrup*, per tin, 8d. and 9d.; *Hams*, Compton's, per lb., 1s 6d and 1s. 6d; *Jams*, Colonial, per tin, 1s. 1d. and 1s. 1d.; *Lard*, per lb., 1s. and 1s. 3d.; *Matches*, Zebra, per packet, 6d. and 6d.: *Mustard*, Colman's, per 1 lb. tin, 2s. 2d. and 2s. 2d.; *Oatmeal*, Coarse, per lb., 3d. and 3d.; *Oil* Paraffin, White Rose, 4 gallons, 4s. 6d. and 5s. 6d.: *Raisins*, loose, per lb., 6d. and 9d.; *Rice*, best Rangoon, per lb., 3d. and 3d.; *Sardines*, ¼lb. tin, 1s. 1d. and 1s 1d; *Soap*, blue national, per bar, 4d. and 4d.; *Sugar*, best white, per lb., 3d. and 3d.; *Tea*, Gilman's mixture, 1s. 10d. and 2s.; *Bottled Fruits*, per bottle, 1s. 6d. and 1s. 6d.

PRODUCTION (PP. 255-268).

Land.—The estimated area of the Colony (with annexed Territories) is 177,376,660 acres, whereof 48,131,389 including reserves, outspans, &c.) are undisposed of. The transactions during 1902 include 389 sales and alienations under the land laws, alienating 74,328 morgen, the purchase amount being £15,877 and annual quitrent £342; 34 titles issued after amendment in regard to 23,998 morgen, and 30 freehold grants of 61 morgen. In all 453 titles were passed for 98,388 morgen, the total purchase amount being £15,877, and the annual quitrent £407. The *nett* alienations were 79,133 acres. Details of land sales and leases, and of sales on quitrent and redemption of quitrent are given in returns Nos. 3 to 6. *Industries.*—In the absence of some legislative enactment under which returns can be demanded, it is a hopeless task to try and get together complete data on a subject like this. Portions of the Census tables have been reprinted. As they have been fully referred to in the Census report it is sufficient to note that 319 of the 2,230 industrial establishments used steam power and 18 gas, and that the total output was valued at £9,238,870 in 1890-1. The whole take of *Fish* in 1890 was 14,185,370 in number at 37 stations, with 298 boats and 1,408 hands. A *partial* fisheries return for 1901 is shown accounting for 6,976,094 fish worth £60,744. *Salt Pans* are found in 18 Divisions, the largest being in Kimberley, Port Elizabeth, Uitenhage, Malmesbury, Piquetberg and Cradock.—these, without Kimberley had a combined output of some 434,300 bushels in 1899. *Copper Mines* are worked at three centres in Namaqualand (the quantity worked by 2,010 hands in 1902 being 27,396 Imperial tons), and *Coal* at several in Albert and Queens Town, and one in Wodehouse—the total production being 185,424 tons, of which 116,154 came from Indwe. The *total* weight of *Gold* registered on the Millwood and the Prince Albert fields amounted to 4,914 ozs.; the former were worked since August, 1887, and the latter between August, 1891, and March, 1898. The reader who wishes to follow the fluctuations of the *Diamond* output and its value per carat, will observe three tables on pp. 262 and 263, showing events month by month since 1895. The *highest* average paid per carat for exports from Kimberley was realized in February, 1900 (£2 5s. 3d.); the *lowest* was in July, 1893 (£1 1s. 5d.) The average for 1902 was £2 0s. 7·85d., while the River stones realized on an average £3 7s. 7d. The total number of carats of diamonds exported in 1902 was 2,661,920 valued at £5,427,360. The area of the four mines in the Kimberley Division,—wherein 1,697 white and 6,607 coloured men are employed daily, and amongst whom 132 accidents in which 37 persons were killed, happened in 1902—is only 156 acres. In the four other mines in Kimberley division 410 white and 3,342 coloured persons were employed, amongst these there were 72 accidents, 8 men being killed. *Patents.*—273 patents were applied for in 1902, compared with 268 in the previous year, and 237 in 1900; and the number of *Copyrights* registered in 1902 was 302 compared with 243 in 1900, and 300 in 1901. *Trade Marks* were registered in 1902 to the number of 298, against 120 in 1900, and 172 in 1901.

NOTE.—A morgen=2·1 acres.

ACCUMULATION (PP. 271-278).

Banks.—The following remarks merely apply to the results for the Colony. Legal tender notes in circulation on 31st December, 1902, amounted to £1,577,171 and other notes to £6,145—the former being an item introduced since 1st January, 1892. Deposits fixed stood at £5,519,239, and floating at £11,358,414. Under the head of assets, £3,5[illegible]3,421 was returned as the amount of coin in the bank coffers at the end of last year: Cape Government securities were held to the extent of £2,604,878; bills under discount figure at £791,665 covered, and £4,553,972 unsecured; and loans and advances at £5,135,068. Overdrawn accounts (unsecured) are returned at £328,669. Including £2,374,000, bills received for collection, and a corresponding amount on the other side of the statement, the sum total of assets and also of liabilities for the quarter ended 31st December, 1902, was £26,135,295. To facilitate comparisons between the statements under the *new* and *old* Bank Act, the figures for the last five half-years have been adjusted as far as practicable to the headings under the Act of 1865, and the returns under that Act have been republished for 1881, and for 1888 to 1890. A few figures may be of interest:—

In 1881 there were 11 banks, now there are six.

P.O. Savings Bank had on 30th June, 1902, 328 branches, with 215,303 deposits of £2,651,556. There had been in 1901-1902, 103,685 withdrawals, removing £2,509,054. 35,103 accounts had been opened, 25,443 closed, and 92,413 remained open with £2,726,074 (including interest) to the credit of such open accounts—an average of £29 10s. The *King William's Town Savings Bank* had 1,803 depositors with £86,650 to their credit. In the Cape of Good Hope Savings Bank 6,801 accounts with £229,678 to credit remained open. *Value of Property.*—The total value of fixed property in the Colony proper, including property in towns as assessed for Divisional Council purposes, was £62,460,291, while the value of property in Municipalities was £42,821,564 according to the Municipal rating. In two cases the Divisional Council rate is as high as 1½d. in the £; but considerable variations are noticeable in Municipal rates. As regards the Divisional Council assessments, the valuations are given separately for Municipal, Village Board and Rural Areas, being respectively £30,495,365, £1,127,763, and £30,837,163. It will be noticed therefore that there is a difference of £12,326,199 (compared with £5,679,544 in the previous year and £7,374,362 in the year before that), between the Municipal and Divisional valuation of properties in Municipalities.

LAW AND CRIME (pp. 279-324).

There were also 163 bonds for £97,788, connected with insolvent estates, cancelled. *Insolvencies.*—Forty-two estates were compulsorily sequestrated in 1902, but it has been found impracticable to state the full amount of the assets and liabilities. the latter, however, exceeded £79,650. Prisoners.—Males to the number of 62,516, besides 6,856 females, were inmates of Lock-ups and Prisons (which contained 1,221 separate cells). Of *white* persons received during the year, 103 were males and 10 were females under 16 years of age. and 19,468 were males and 429 females over 16: the corresponding figures for coloured persons were respectively 728; 97; 39,106; and 6,005. The discharges numbered 55,473, transfers 8,464. escapes 80, deaths 86 (the cases of illness lasting more than 48 hours being 3,941), other disposals (*i.e.*, releases on bail, &c.), 2,378, while 2,891 people remained in confinement. The average cost of provisions is: bread 4d., beef 8½d., mutton 8½d., rice 3d. per lb., and mealies 15s. per 100 lbs.; the rates have again risen. The *Gaol* Establishment at 30th June, 1903, was 700 strong, the *Cape Police* mustered 3,246, the ordinary *Police* were 1,290 in number: while the Convict Establishment stood at 417 all told on 31st December, 1902. *Convicts.*—Of the newly admitted convicts 343 were of European descent, 490 were Hottentots and Bushmen, 1,169 Kaffirs, while the remaining 63 were made up of Malays, Chinese, &c. As to age, 81 were under 19 years, 1,635 between 19 and 40, and 349 over 40 years 1,827 were inmates of Convict stations for the first time—170 being in on second, and 68 on reiterated convictions The terms of imprisonment are classified as follows, viz.:—For one year and less, 1,500; for 3 years and above 1, 468; for 7 years and above 3, 84; above seven and short of life, 7; and for life, 6. All told, the daily average computed to 2,278·5 convicts; of these 1,502 were at hard labour on Public Works, 321 employed on station, 33 sick in hospital, and 421·7 non-effective. The number dealt with during the year 1902 was 4,810, of these 2,076 were newly convicted: the year ended with 292 less on hand than there were at its beginning, the discharges being 2,256, deaths 32, desertions 12, and transfers 330.

Special Justice of the Peace Courts.—Of these there were 20. The apprehensions numbered 753, and the convictions 610, while the cases of 9 persons were disposed of by Resident Magistrates, being beyond the jurisdiction of Spl. J.P.'s. Convictions for offences against good order figured at 365, including 104 drunkenness cases, and there were 68 convictions for assaults, 49 for thefts, and 102 for contraventions of the Masters and Servants Acts. *Resident Magistrates' Courts*—The number as far as accounted for of persons accused before Magistrates in 1902 was 84,204: of which 24,312 (28·87 per cent.) were white males, 1,000 (1 19), do. females, 51,554 (61·23) coloured males, and 7,338 (8·71) do. females. 79·83 per cent., or 67,214 were convicted, and the cases of 1,342 (1·59 per cent.) were transmitted to Superior Courts: 10·90 per cent. were acquitted, dismissed or discharged. The 67,214 convictions were imposed on—as far as can be computed—60,386 *distinct individuals*, 5·98 per cent. having been convicted twice in the year, 1·31 thrice, 0·45 four times, 0·14 five times, and 0·13 six times and upwards. Confining attention to the two chief points—*convictions* and *transmissions to Superior Courts*—the following figures in respect thereto are presented for the different classes of crime, viz.:—Offences against person, 5,989 and 463; Person and Property, 359 and 182; Property, 6,002 and 338; Good Order, 39,156 and 296; Carrying out laws*, 2,714 and 28; Forgery, Currency, and Revenue Offences, 567 and 16; Public Welfare, 12,427 and 19. A more general survey of the main results disclosed by the Crime Return can be made with the aid of the following table, which shows for 1900, 1901, and 1902 the percentage proportion of the convictions and transmissions under each of the seven classes to the total convictions and transmissions.

RELIGIOUS, EDUCATIONAL AND CHARITABLE INSTITUTIONS (PP. 325-337).

ECCLESIASTICAL.—The Return relating to the Receipts and Payments in connection with Churches is condensed from the statement published in the Census volume, and therein fully reported on (see pp. 482-5). During the Census year there were 1,883 places of Worship (capable of holding 351,999 persons), whereat the average attendance was 197,051, and the number of communicants 175,341.

All the churches combined had in 1890 an income of £311,759, and an expenditure of £301,160. The Church Returns for 1898 are —despite all efforts made—incomplete as regards several denominations. They, however, show that 778 ministers and assistants worked with 8,241 services weekly, 758 main and 3,198 out-stations, whereat seating for 409,689 persons had been provided for an average attendance at the principal Sunday services of 240,285 people, 190,878 being communicants. At 1,656 Sunday Schools the attendance was put at 79 514, while at 228 evening schools some 5,030 persons received instruction. In all, the various congregations included some 670,000 individuals, 247,000 whereof were white.

EDUCATION.—Besides aiding seven Colleges attended by 634 students, the Education Department made grants in 1901-1902 to 549 Undenominational Public Schools, 603 Mission Schools, 5 District Boarding Schools, 590 Industrial Training Schools, 23 Special, 433 Private Farm Schools, 219 "Poor Schools," and 16 Evening Schools, and the total expenditure on the 2,438 Institutions and the office staff, &c., amounted to £287,855. The Government Expenditure in 1901-02 per pupil in average attendance was £1 17s. 0d. 2,387 schools with 135,945 children on the books, and 121,295 actually present were inspected during the year 1901, with the result that 777 were registered above standard, 787 under VII, 2,120 under VI., 4,198 under V., 8,359 under IV., 12,111 under III., 15,881 under II., 17,754 under I., and 57,398 below any standard. It is interesting to note that just after the passing of the present Education Act (*i.e.*, in 1866), there were 392 schools, with 32,875 scholars; in 1875, 641, with 54,167; in 1884-5, 994, with 76,018. *The University.*—348 undergraduates having matriculated in 1902, the roll of undergraduates stands now at 5,097, while 1,048 persons have passed (70 in 1902) the Intermediate Examination in Arts, and 647 have taken direct degrees (55 in 1902). 503 Certificates for Law and Jurisprudence have been issued, and 327 for Land Surveying. 508 persons have passed the Civil Service Law, nine the C. S. Higher Law, and 195 the Mining Examinations. Elementary School Examinations, under the auspices of the University have been held since 1875, and School Higher since 1880. 459 candidates passed the former examination in 1902, and 686 the latter: in all 29,645 have been successful. 3,116 Music Certificates have been granted in nine years, besides 87 to music teachers.

CHARITABLE INSTITUTIONS.—26,740 inmates of General, Gaol and Lock Hospitals, Orphanages, Refuges, &c., have been accounted for. Of these 2,131 died and 4,428 remained. *Hospitals.*—13,242 cases were under treatment in the chief Colonial hospitals in 1902: 10,133 were cured, relieved, and unimproved, and 1,322 died. The full number of nurses and servants was 489. Besides these there were 6,829 cases in the three Transkeian Cottage Hospitals, and the two Transkeian Leper Asylums, the four Lock, two Railway hospitals, the Copper Company's hospitals at O'okiep and Port Nolloth, four Mining Hospitals at Kimberley, and Klipdam Hospital; the number of cured was 5,199, of relieved 180, of unimproved 61, while 613 patients died. *Asylums.*—At the seven Asylums (*a*) the daily average was 1,530: 248 patients were discharged—152 had recovered, 16 were relieved, and 80 had not improved, while the deaths were 130 in number. In resident attendance 266 persons were employed. Special tables regarding Asylums are exhibited on page 336, from which it appears that the recovery rate of insane was 35·4 per cent., and the death rate 8·4 per cent. in 1902, calculated in the first case on admissions, and in the second on the total average number resident. *Cost of Patients.*—The average cost of a patient varies from 1s. 7d. in the Old Somerset Hospital to 5s. 6d. in the K.W.T. Hospital, and from 3s. 3½d. in the Queen's Town to 8s. 11d. in the Mafeking Hospital. *Friendly Societies.*—The Census return (which is the latest complete one) accounts for 130 societies and 14,277 members.

CAPE GOVERNMENT RAILWAYS.

The railways of the Cape Colony were originally commenced by private enterprise at Cape Town, and when, in 1873, the lines were taken over by the Government, only 63 miles were open. New construction was then undertaken in the shape of three separate systems starting from the principal seaports of the Colony, viz. :—Cape Town, Port Elizabeth, and East London.

In 1885 1,600 miles had been opened for traffic, and for a period of some three years there was a suspension of further work, though gradual progress towards the goal of through communication within the Colony, and the object of securing the trade of the inland States to the north of the Colony, were constantly kept in view.

With the discovery of the Gold Fields in the Transvaal abnormal development in railway construction ensued, and the same process is now, and has been, observable in respect to the rapid extension of the railway in Rhodesia.

The Cape Government Railways are divided into three systems, known as Western, Midland, and Eastern.

1. The Western System, starting from Cape Town, extends to Vryburg, a distance of 774 miles.

The following branch lines form part of the Western System :—Wynberg and Simon's Town (20 miles), serving the populous suburbs of Cape Town and watering places in its vicinity. Malmesbury (30 miles), serving an important grain-producing area. There are alternative routes between Durban Road and Muldr's Vlei one of which (the branch—13 miles) serves the Stellenbosch district. At Eerste River on this line there is a branch to Sir Lowry Pass (14 miles). Parliament in its Session of 1898 authorised an extension to Caledon (53 miles) of the line then terminating at Sir Lowry Pass, and also the construction of a line from the Malmesbury branch to Eende Kui.

The line from Sir Lowry Pass to Caledon was completed and opened for traffic on the 1st August, 1902 The line to Eende Kuil starts from Malmesbury, and is 80 miles in length. The first section—Malmesbury to Moorreesburg—was completed and opened for traffic on the 9th September, 1901 ; the second section—Moorreesburg to Eende Kuil—was completed and opened for traffic on the 15th November, 1902.

The Cape Central Railway (about 147 miles), a private line constructed under a Government subsidy, runs from Worcester to Swellendam and Riversdale, and serves several productive agricultural districts

Parliament has also authorised by Act 32 of 1902 the expenditure of an amount of £114 000, as a subsidy at the rate of £2,000 per mile for 57 miles to any Company or person obtaining Legislative authority to construct a line of Railway from Riversdale to Mossel Bay.

A railway, of 2 feet gauge, from Kalabas Kraal, on the Malmesbury Branch, to Hopefield *via* Darling, a distance of about 50 miles, was authorised by Parliament during the Session of 1900.

This line was completed and opened for traffic on the 28th February, 1903

The Cape Government Railways end at Vryburg, but the line is continued by the Rhodesia Railways, Limited, and at present extends to Bulawayo, a distance of 587 miles from Vryburg. This length of line is worked by the Cape Government Railway Department for the owning Company at actual cost. Still further extensions in Rhodesia are being built by the Company, of which the section Bulawayo to Gwelo was opened for traffic on the 1st December, 1902, and to 167 miles in the direction of Wankie on the 30th March, 1903

Parliament has authorised by Act 38 of 1902 the construction of the following lines, which will further open up the Western districts of the Colony :—

A 2ft. gauge line from Hopefield towards Vredenburg for a distance of 14 miles at a cost of £25,000. A 3ft. 6in. gauge line from a point at or near Pearl or Klapmuts Station *via* Simondium to at or near French Hoek (17 miles) at a cost of £76,670. A 2ft. gauge line from Ceres Road Station to Ceres (10¼ miles) at a cost of £44,167. A 2ft gauge line from Victoria West Road Station to Carnarvon (77½ miles) at a cost of £184,915. A 3ft. 6in. gauge line from De Aar *via* Britstown to Prieska (111 miles), at a cost of £427,350.

2. The Midland System starts from Port Elizabeth, and joins the Western System at De Aar (339 miles). From Naauwpoort Junction (270 miles) the trunk line to the Orange River Colony and the Transvaal is continued.

In addition to the trunk line of the Midland System there is a line branching off at Zwartkops, running through Uitenhage and Graaff-Reinet and re-joining the main line at Rosmead Junction after running a distance of 276 miles, the last 93 of which were opened for traffic on the 3rd March, 1898. The line serves important agricultural and fruit-growing districts. A other branch line belonging to the Midland System is that from Alicedale to Graham's Town (35 miles), and this line is continued to Port Alfred (a seaside resort for the surrounding districts) by a private line owned by the Kowie Company, Limited This line is 43 miles in length, and was constructed under subsidy from the Government. A junction line—83 miles long—with the Eastern System (No. 3) at present exists from Rosmead Junction (243 miles from Port Elizabeth) to Stormberg Junction (326 miles from Port Elizabeth and 221 from East London) ; this line forms part of the Midland System. From a point—Bamboo Junction—on this line a private line, about 16 miles in length, served the Cape Collieries Company's Mines with railway communication. This line was, however, purchased from the Owners by the Government in 1900, in order to allow other Colliery Owners in the vicinity to make use of the line By Act 38 of 1902 the Government also authorised the expenditure of a further sum of £30.000 for the purpose of extending this line from its present terminus to Romansfontein, a distance of eight miles. Another junction line further south, through agricultural and stock-producing districts having a large native population, was undertaken some years ago by a private corporation, under a contract with the Government, providing for the payment of a subsidy by the Government, but, after several vicissitudes, arrangements have been made for the line to be built as a Government line. It runs from Somerset East to Cookhouse (on the Midland System) and on, *via* Fort Beaufort to King William's Town (on the Eastern System) ; the total length of the line will be about 154 miles.

The Section from Somerset East to Cookhouse (a distance of 19 miles) was opened for traffic on the 1st August, 1902. and the sections from Cookhouse to Bedford and from King William's Town to Middle Drift were informally opened for goods traffic only in November, 1902.

An extension is in course of construction from Klipplaat (123 miles from Port Elizabeth), on the Zwartkops-Graaff-Reinet line, to Oudtshoorn (156 miles) through some of the most productive districts in the Colony.

The first section of this line from Klipplaat to Willowmore (62 miles) was opened for traffic on the 1st August, 1902, and the second section from Willowmore to Uniondale Road (37 miles) was opened for goods traffic only on the 1st November 1902. The construction of the remainder of the line is being pushed forward. A further outlet will be provided by the construction of a line from the seaport of Mossel Bay, lying between Cape Town and Port Elizabeth, to Oudtshoorn (75 miles), where it will connect with the line to Klipplaat. The line Mossel Bay to Oudtshoorn is being built under subsidy from Government.

In 1898, Parliament authorised the construction of a narrow gauge line from a point at or near Port Elizabeth to Avontuur, a distance of 179 miles. This line and the Hopefield line, referred to above, will be a new departure in Cape Government railway construction and working, as it will be a light railway of 2 ft. gauge instead of the standard of 3 ft. 6 in. The experiment will be watched with much interest. The construction of the first section of the line Port Elizabeth to Gamtoos River is being proceeded with.

3. The Eastern System, starting from East London, was originally constructed to Aliwal North (280 miles), lying on the south bank of the Orange River, the boundary between the Cape Colony and the Orange River Colony.

[illegible] through the Orange Free State were constructed in 1889, a junction with the trunk line to the Transvaal

a Previous to the year 1886 the weight of Mails conveyed by Travelling Post Office was not shown.

* Decreases in the number of letters, &c., during 1896 are explained by the fact that Mail Matter exchanged between the South African Republic and Oversea Countries commenced to be transmitted in Closed Bags in February of that year, previously it was circulated through the Cape Town Office in open Transit.

† Includes mails to all oversea countries.

Memo.—*On Acreage disposed of and undisposed of.*

As no general Survey of the Colony has been made, it is impossible to state exactly the area undisposed of. From the latest calculations that have been made, however, the area of the Colony, including Griqualand East and West, Tembuland, Transkei, Port St. John's, Walfish Bay, Pondoland, and British Bechuanaland is estimated at 83,805,012 Morgen (177,376,660 Acres). The quantity of Land disposed of up to the end of 1902 being about 61,064,508 Morgen (129,245,271 Acres), there appear to remain undisposed of 22,740,504 Morgen (48,131,389 Acres), in which are included some Loan Places still unconverted, Missionary Institutions, Native Reserves and Locations, Outspans, Commonages, and Crown Lands, held under license in terms of Act No. 40 of 1895. This area is *exclusive* of that part of the Railway Land Grant in British Bechuanaland which was undisposed of at end of 1902, of about 1,338,060 Morgen or 2,832,056 Acres.

Note.—One Morgen=2·1165402 Acres.

General Note explanatory of system upon which Special J. P. and R. M. Crime Returns are compiled:—

1. An offender is on the preferment of *every* fresh charge during the period to which the statement relates, treated therein, on *each* occasion, as a new misdemeanant brought up for first time, and in the event of being accused simultaneously of the commission of two or more distinct species of crime is separately entered for each.

2. It should be observed that the number of *Cases* tried is not necessarily the same as that of *Persons* accused.

3. When a preliminary examination has been held, and the case, after submission to the Attorney, Solicitor-General, or Crown Prosecutor, has been by him remitted for further action to be taken thereon by R. M., the said examination is treated as a prosecution.

4. To *each* species of crime *separately* has been assigned a complete entry in all the columns.

5 Entries regarding persons awaiting trial before *Circuit Courts* are recorded in the column placed next after the "Conviction" column.
